

Help Us Find Your House In An Emergency

H.V.F.D. HOUSE NUMBERING CAMPAIGN

The Hebron Fire Department is selling reflective 911 address signs. Our project goal is to get the Hebron community well marked for the safety and well being of all. Time is a critical factor for emergency services. Every minute lost to inadequately marked homes can make the difference between life and death, and damage or total destruction.

HELP US ----- HELP YOU

The sign plates will be 6" X18" aluminum in green or blue reflective background, with 4" white reflective numbers on both sides. The cost of the signs will be \$ 15. Any profit realized from this campaign will be donated to the Antique Restoration Fund for Hebron's first fire truck a 1937 Ford.

HVFD recommendations are as follows:

1 Homeowner supplied 4"X 4" post, 6 foot steel stake, or sufficiently extended mailbox post **installed beside** their driveway on the **frontage of the property**.

2 The post should be placed no more than **five feet** back from the edge of the road. The purpose is so the sign and driveway are visible on approach of emergency responders.

3 The reflective sign can be attached either vertically or horizontally (approximately **four feet high**) to be **above the snow bank line**.

Order forms and samples of these "signs" will be available for viewing at the Hebron town Office Building, Douglas Library, and the Main Street Hebron Fire House. You will be called when your sign is complete and ready for pick-up.

Let's become the **BEST MARKED COMMUNITY** for our own safety.

Contact: Kathie Gregory at 228-3801 or Bruce DeGray at 228-0547 for additional information and ordering.
